Bespoke Solutions

Our customers are our best product designers.

Our team will work with you to create the best solutions for your space. Every Squiggle Glass panel is manufactured to order, we provide our product in sizes to suit your requirements down to the millimetre. This enables the client to use Squiggle Glass just as a panel or cover an entire wall.

We understand that everyone has individual preferences on colours, with this in mind Squiggle Glass offer the product in most RAL, Pantone and Dulux colours. We can even match any colour if we can be provided with a sample.

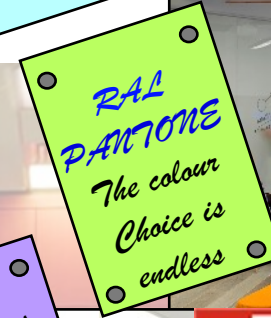

The product is also available to incorporate graphics or client Logos as part of the overall design.

Squiggle Glass adopt a very "can do" attitude, this attitude has been well received by both architects and interior designers who can also make use of our ideas forum.

Due to it's innovated, bespoke nature price details are based on the clients requirements.

For price details please contact me.

Storage wall, lockers &

abox

Office Storage.

design / manufacture / supply / installation

We at Abox are passionate about all kinds of office storage solutions with Storage wall being our speciality.

We begin with your request for an up to the minute storage wall design then surveying at your premises, preparing CAD drawings for the manufacture of your storage wall and other storage products here in the UK.

Delivery to and assembly at your office is carried out by one of our team of trained installers.

The clever design of our wall backing office storage wall, freestanding storage wall and our desk products will substantially increase your workplace storage capacity and contribute to creating a beautiful but functional office environment and freeing up office floor space.

Our experienced team will guide and advise from conception to finished product.

Enquiries to: alan.tsc@btinternet.com / alan@abox.co.uk / Mob: 07704 922738

STEPS IN ORDERING BESPOKE LOCKERS, STORAGE & ZONAL DISPLAY.

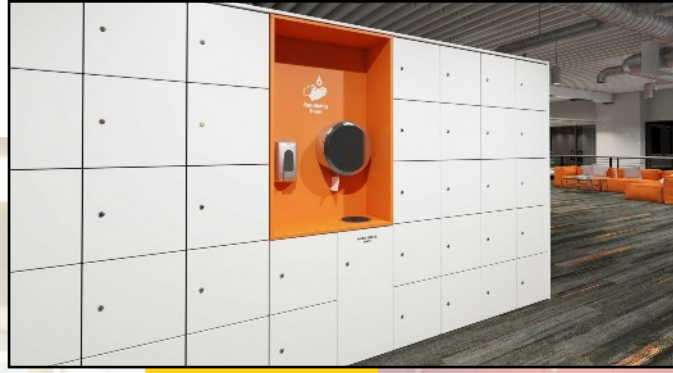

- Initial enquiry.
- Costing based on clients requirements.
 - Site visit and survey.
- Design drawings produced for sign off.

Product information

The Largo task chair is designed to offer all the comfort, adjustment and control required in the modern office. It features a fully upholstered contoured back rest, which can be specified in 2 contrasting colours. It also has a stylish lower back cover to enhance the clean lines attributed to this chair.

Key Features

Synchronised Mechanism
The self-weighting mechanism intuitively responds to the torque requirements of a wide range of users without the need for manual tension adjustment. This means it allows the user's weight to adjust to a comfortable sitting position and recline tension. The seat pivot is located near the user's hips, helping the user maintain full contact with the chair's seat and back through the full range of recline. The mechanism also comes with an integrated seat slide allowing users of all heights to achieve a suitable seating position by adjusting the seat depth.

Ratchet Height Adjustable Back
The height of the back can be adjusted from the seated position.

Armrests
Choose from height adjustable arms, height adjustable & foldaway arms or multi-directional arms.

Built to Last
All Steelco task and operator chairs are suitable for persons up to 150kg / 23.5 stone and supplied fully assembled with a 5-year peace-of-mind guarantee.

Additional Features
- 5-star pyramid base in black, white
- 60mm castors as standard.
- Huge choice of fabric or vinyl seat and back coverings.

Optional Extras Including
- Polished aluminium spider base.

seating

A modern design which creates a perfect balance of style and functionality. POLYTONE collection consists of three types of visitor, conference and dining chairs made of plastic: POLYTONE-C, POLYTONE-L and POLYTONE-O. Three different characters which will blend in perfectly with different office settings and will be ideal for a variety of activities – meetings, collaborative work, conferences, short-term tasks or relaxation.

POLYTONE – plastic chairs designed for the rhythm of modern work.

polytone-L

Visitor, Conference & Dining Chairs

POLYTONE-L chairs have been designed by Scagnellato and Ferrarese Design. Visitor, conference and dining chairs boast a subtle minimalist design.

WORKPLACE FURNITURE SOLUTIONS

Product information

A cost-effective range of modular seating designed with budget in mind. The range includes two matching upholstered tables – either square or rectangular – with a beech top. The new concave and convex units can also be used together to form a snake effect. Three of the concave units together will form a 90° angle.

Products

All products are supplied flatpacked except for pedestals and filing cabinets.
Both these product ranges come without the feet and handles fitted.
All of the products contained in this price list have a 5 year guarantee.

Colours

Desk top colours are White and Amber Oak with Metallic, White or Black metalwork.
Please contact us for stock levels.

MFC Finishes

Metal Finishes

Important Information

Lead times for non stock products and non stock colours will be subject to factory lead times when the order is placed.

Any order which includes non-stocked products will be treated as a special order and therefore non returnable.

Order codes are made up of individual part numbers which are displayed on all boxes, eg DCA121 = G2A0054 and G3C0016.

Extent of Range

This price list contains only a small selection of the products and ranges available.
Please contact our office for further information relating to any other range.
